- "So much work for a hums class. Quizzes in every 3 lessons, 2 papers, 2 midterm, constant readings
Instructor should consider we have other classes which is not Hums and require much more effort."
- I think course material is too light. I enjoyed the topics and discussions, however, the pace was too slow.
- Lecture can be better, when there is a new unit the 3 lectures just repeat themselves and they just don't make things covered in the lecture clearer, people should definitely discuss deeply to understand so you can make group works etc.
- The class was overwhelming for a Hums class, too many quizzes and readings but overall the class and the instructor was pretty good
