Philosophy is a hard subject to understand but Dr. Howton did an awesome job explaining hard concepts.
The lecture slides were great
He's very personable, provided a great environment and was enthusiastic about his work. We had some great discussions that helped us apply some mundane topics into real life. That helped keep me engaged.
The disscussant and questioner format for recitation
I thought the recitations were very helpful.
The PPT covers most of the information and it is straight forward to understand.
Interesting and thought-provoking lectures.
The ability to openly discuss the topics

If you were teaching this course, what would you do differently?

Nothing

Nothing.
I would do exactly the same way.
